Nora Rappe

I first joined BCHA in Omak in the early 1970's. My abilities have changed since then and I am not able to do some of the Trail work. However I enjoy doing the Newsletter for the Okanogan Chapter. I am also the publicity committee chairperson. My husband and I live on a small ranch in the Chilliwist Valley. We are both retired. I had my own business, a Beauty Salon, for 17 years and then became a Real Estate sales person and eventually a Broker for my own company Leading Edge Realty out of Omak. At one point in our lives we raised mules, thus our ranch name, Mules+, and had 17 riding animals. We adopted 2 Mustang mares and one burro in 1981. The foal from one of those mares just deceased at 30. Our 8 children lived fairly close and riding in the Wilderness was everyone's favorite thing to do. All of the grand children learned to ride in our corral.
